DARRELL W. KRUEGER
President of WSU

Welcome to Winona State University. We are delighted that you have chosen to spend this time with us, enjoying the special thrills that only intercollegiate football can instill.

The Winona State University Warriors and Coach Tom Hosier, a new face at our university, are making today's, and all of this year's, exploit on the playing field an exciting one.

Football is one of 15 intercollegiate athletic programs sponsored by Winona State University. Individually and collectively they contribute to the spirit and camaraderie that brings our campus alive.

Those accomplishments occur both on the field and in the classroom and, as the President of Winona State, I am exceptionally pleased that the Winona State University intercollegiate athletic program values, first and foremost, the personal development and scholarship of our athletes.

I am immensely grateful that you are here demonstrating your support by being present for today's game for, in many ways, we rely upon you for continuation of our proud heritage.

Enjoy the game — and join us again often in the future.

Darrell W. Krueger
President

Dr. Dwight H. Marston Director of Athletics - Men Winona State University

Welcome to Winona State University — the home of the Winona State Warriors. Each Saturday provides an opportunity for you to see the Warrior team in action as they compete against the strong Northern Intercollegiate teams. This year our Warrior football team will be playing 10 games — 5 of them at home and 5 away. During the past year Warrior Athletic teams at Winona State University participated in conference, district, area and national competition. During the year you should make an effort to see as many Warrior athletic events as possible. After the game, take time to visit the campus and the beautiful areas surrounding the city of Winona. Athletics is truly a part of the total educational process and through your continued support and attendance at our athletic events it will further substantiate the importance of these programs in our colleges and universities.
